Key Features of Google Drive

1. Storage Capacity

- Free Storage: Offers 15 GB of free storage shared across Google Drive, Gmail, and Google Photos.
- Paid Plans: Additional storage can be purchased through Google One, with plans starting at 100 GB and going up to several terabytes.

2. File Support

- Supports a wide range of file types, including:
- Documents (e.g., .docx, .pdf)
- Spreadsheets (e.g., .xlsx)
- Presentations (e.g., .pptx)
- Images (e.g., .jpg, .png)
- Videos (e.g., .mp4)
- Others, including compressed files (.zip)

3. Accessibility

- Access files from any device with an internet connection using:
- Web Interface: Drive available at drive.google.com.
- Mobile App: Available for Android and iOS devices.
- Desktop App: Google Drive for Desktop syncs files between your computer and the cloud.

4. Collaboration Tools

- Real-time Collaboration: Integrates seamlessly with Google Docs, Sheets, and Slides, enabling multiple users to work on the same file simultaneously.
- Commenting and Suggestions: Users can leave comments or suggest edits on shared files.

5. File Sharing

- Share files and folders with others via:
- Email: Send a direct link to specific email addresses.
- Link Sharing: Generate a shareable link with customizable access permissions (view, comment, edit).
- Access Control: Set permissions to control who can view, comment, or edit files.

6. Integration with Google Services

- Fully integrated with Gmail, Google Photos, and other Google Workspace tools.
- Attach files directly from Drive in Gmail or import/export files between services.

7. Offline Access

- Files can be made available offline, allowing users to view and edit them without an internet connection.

8. Security and Privacy

- Encryption: Data is encrypted during transfer and at rest.
- Two-Step Verification: Adds an extra layer of security to your account.
- Activity Monitoring: Track changes and activity on shared files.

9. Backup and Sync

- Automatic Backup: Backup photos, videos, and documents from your devices to the cloud.
- Version History: View and restore previous versions of files.

10. Search and Organization

- Advanced Search: Use keywords, file types, and filters to quickly find files.
- Folder Organization: Create folders and subfolders to organize files.
- Priority Section: Uses AI to surface frequently accessed or important files.

Google Drive for Businesses

- Part of Google Workspace (formerly G Suite), offering additional features:
- Increased Storage: Plans with up to unlimited storage.
- Team Drives: Shared drives for team collaboration.
- Admin Controls: Centralized management of users and permissions

Google Drive Pricing (via Google One)

15 GB: Free

100 GB: \$1.99/month

200 GB: \$2.99/month

2 TB: \$9.99/month
